Sun Title's New Employee, McRae, Shines With 20 Years of Title Expertise

Grand Rapids, Mich., April 8, 2008---Grabbing the torch and casting some light on a grim real estate market seems fitting for Sun Title, a title insurance agency providing exclusive, patent-pending Mobile Closing Units and a growing employee base with Tracie McRae as their new Operations Manager.

"Tracie brings the depth and experience needed to take us to the next level," said Sun Title Co-owner, Tom Cronkright. "Her expertise and understanding of the industry allows us to gain efficiencies as our orders continue to increase."

Since 1983, McRae has had a hand in various aspects of the title process, and she's now responsible for overseeing all areas of title production at Sun Title. In addition, McRae is directly involved in all construction projects and commercial transactions.

McRae's experience stems from serving as Michigan Production Manager for Chicago Title of Michigan, Vice President Agency Manager for Independent Title Services, Inc. and Production Manager for The Title Office, Inc.; all in Grand Rapids, Mich. Prior to that, she was the sole proprietor of a title company in Mass. and worked with a legal firm there. McRae holds a bachelor's degree in pre-law, which she earned from Michigan State University.

"I'm delighted to join Sun Title's team," said McRae. "Their client-centered approach to their business has been critical toward their success. They've built a strong foundation based on communication, timeliness, accuracy and convenience. My expertise toward enhancing that accuracy and efficiency of work flow will ensure consistent service and increase our capacity for a larger client base."

Sun Title's Mobile Closing Units give their clients the edge of convenience, at no extra charge. Each of their five Mobile Closing Units contain an advanced office environment within a sleek van and come complete with a title professional who maintains the warm, human side of closing proceedings.
